PRODUCTIVITY

- Fast print outputs and first copy out time (FCOT)
- Scan and convert documents to searchable PDF, Microsoft Word or Power Point files
- Smart media handling enables up to 30 paper types registration and automated size detection
- Space saving optional inner finisher with staple-free binding and integrated manual stapling

USER EXPERIENCE

- Intuitive operation via a large colour touchscreen with smartphone like usability
- Advanced personalisation and customisation options tailored for user's workflow needs
- Integrated Home UI enables choice of frequently used settings from a single menu
- Automatic recovery from sleep mode by placing paper on DADF or opening platen glass
- Easy replacement of toner cartridge featuring anti-spill technology

CONNECTIVITY

- Wireless LAN and QR code connection options for working from tablets and smartphones
- Canon's PRINT Business app adds further functions to printing and scanning from mobile devices
- Simplify print management and reduce costs with full uniFLOW compatibility

SECURITY

- Verify System at start up, SIEM support and McAfee Embedded Control analyse the device in real-time to detect and prevent external attacks
- Central control of security settings reduces administrator burden
- Encrypted PDF, plus device and optional user digital signature provide robust authentication security levels
- Secure PIN and Forced Hold Print enhance document confidentiality
- Ensure data privacy across your network with Ipsec, port filtering and TLS 1.3 support

CONTROL AND MAINTENANCE

- Centrally manage all devices on the network with cloud-based remote management options
- Remote Operators Software Kit provides alternative access to device for remote operation of all system functions
- Compatibility with Canon's uniFLOW software solutions allows for tracking and reporting of print jobs
- e-Maintenance can improve uptime through remote diagnostics, automated meter readings and consumables monitoring

SUSTAINABILITY

- Reduced operation noise ensures quiet operation and prevents distraction in co-working spaces
- Eco recovery mode decreases power consumption to save energy and lower running costs
- Eco stapling reduces staple costs and contributes to environmentally friendly document production and management
