XC6152

Full featured colour A4 multifunction device

XC6152de with 3 trays and optional finisher

Look sharp for less with gorgeous colour and professional finishing

Quick speed for productivity with the functionality and reliability you need

Workflow smoothing solutions and flexibility

Sensitive data stays secure

Cut costs while being environmentally responsible

This is an FCC Class A device. Not intended for use in residential or domestic environments.

17KD06737-1

Lexmark™

Get more power and save money

Save time with the XC6152's integrated software and solutions. Stay productive with print and scanning speeds fast enough to keep work moving. Look sharp with gorgeous colour and finishing options.

- Copier capabilities in an affordable, space-saving device
- Up to 50 pages per minute[3] print speeds
- Spend less time on supplies with high-yield toner capacity and shake-free science
- Broad finishing options

Quick speed for productivity with the functionality and reliability you need

Productivity stays high when even large colour print jobs complete quickly. With copier-like print speeds of up to 50 ppm the XC6152 keeps you going.

Minimise wait time when a job is complete before you even leave your chair with the XC6152's ability to print a single colour page in as little as 7 seconds.

Spend less and power through complex print jobs with large, high-resolution photos and graphics. The powerful standard print controller has the processing power you need built-in.

Compare that to expensive add-on third-party print controllers.

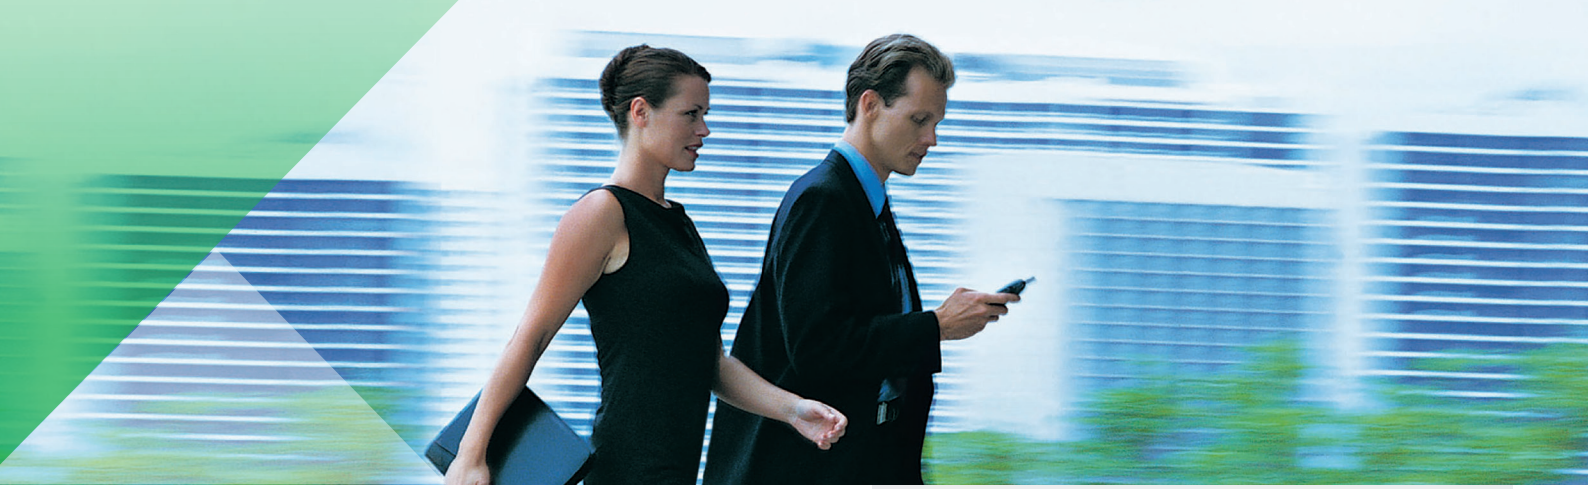
Digital workflows and paper documents won't slow you down. The XC6152 scans up to 114 images per minute, combined with the powerful quad-core processor, your information is captured and made available to you and your network applications fast.

Work from wherever, print whenever you want with mobile printing from iOS, Android and Windows Mobile devices and optional wireless and NFC direct mobile printing from smartphones and tablets. The XC6152 is also Google Cloud Print, Apple Airprint 1.5 and Mopria ready.

Better access for all with the tilting eTask panel that makes the interface viewable for users at all heights, drawers and paper guides that move effortlessly, and standard headphone jack and talk-back features to help users with limited vision engage with the device*.

* Meets advanced Section 508 and European Standard EN 301 549 guidelines for accessibility.

17KD0737-1



Look sharp for less with gorgeous colour and professional finishing

Colour so accurate and affordable, you can do everything in-house. You can match all of your brand colours and have accurate colour output without having to pay a premium. Lexmark Colour Replacement combines spot colour replacement and RGB replacement for precision matching of critical colours. PANTONE® calibration and embedded colour sample pages help you nail perfect colour at the design stage. Lexmark's 4800 colour quality is ultra-sharp even at full speed.

Get the perfect finish with finishing options that meet your business needs.

More media choices makes your MFP multi-talented. From 300 gsm - one of the thickest media available in cut sheet to print signage or booklet covers -to tissue-thin paper such as 70 gsm, and all the vinyl, labels, cardstock, envelopes, and banners in between, the XC6152 makes you shine.

Less hassle with a high input capacity comparable to light production A3 digital copiers. With up to 4,500 sheets of input capacity, paper is less likely to run out, so you don't have to wait or intervene to finish printing.

Improve your productivity with the XC6152 that keeps on running

- Toner cartridges yield up to 25,000 pages[1]
- Developer unit lasts up to 300,000 pages[4]
- Photoconductor lasts up to 175,000 pages[6]
- No shake Unison™ Toner cartridges mean perfect prints to the last page without interruption

Advanced scanning technology

Connect your digital systems and your unstructured content with ease. The advanced scanning technology on the XC6152 makes it fast and hassle-free.

- Remove blank pages automatically with blank page detection and removal*
- Scan a stack of mixed sized originals at full speed
- Keep things fast and file sizes small with colour detection that scans in mono if no colour is found
- Reduce file sizes and maintain information accuracy with Mixed Raster Content (MRC) file compression
- Achieve accurate, high resolution images with Charged Coupled Device (CCD) sensors and five-piece optical glass lenses
- Don't waste time restarting a job. Page-level jam recovery picks up where the job left off

* Optional feature. Available with Scan Centre Premium App

17KD0737-1

Workflow smoothing solutions and flexibility

Bridge the gap between your paper documents and software systems with the fully-configurable device-based apps available on the Lexmark XC6152. The built in productivity solutions future-proof your investment.

Standard eSF apps shipping with this series include*:

AccuRead OCR

In less time than it takes to enter data manually, your organisation can create searchable files or editable content using the included AccuRead OCR. Other vendors charge extra for this critical capability.

Scan Centre

One app to send your scanned documents to multiple destinations simultaneously with optional delivery confirmations.

Forms and Favourites

Keep frequently used forms and documents easy to access and save money by eliminating preprinted forms.

Card Copy

Capture both sides of ID/ credit cards, print on one side of paper and save to a network folder.

Address Book

Manage the device's internally stored user data, contacts and scan destinations from the e-Task touch screen or the embedded web server.

Google Drive

Upload documents to your Google Drive account, including shared folders, for business collaboration. Browse your Google Drive account and print shared documents on demand.

1

See the possibilities with our intuitive interface

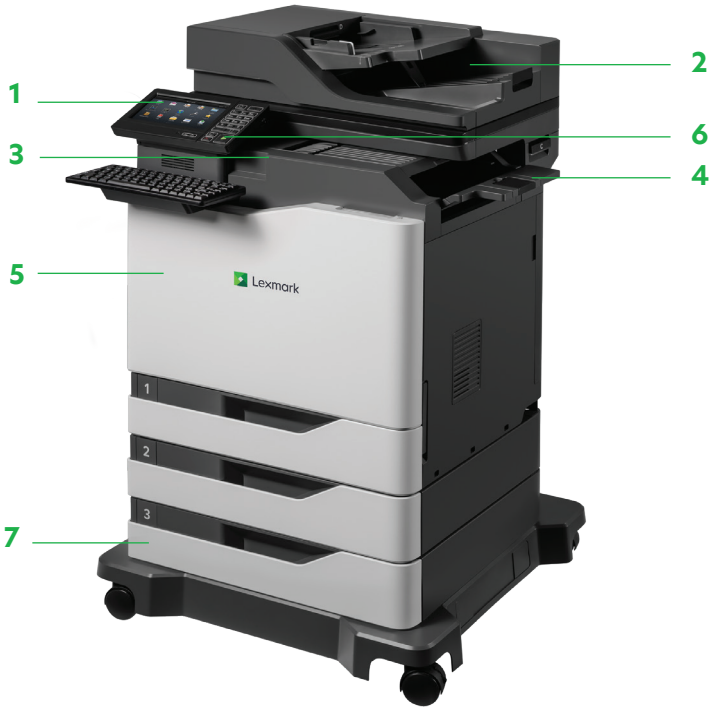
Minimise the need for training with the familiar, modern, tablet-like capabilities of our eTask interface on a bright 17.8 cm (7-inch) class colour touch screen. Use swipe and touch gestures to navigate the intuitive interface to access convenient features, including:

- Preview your entire print job
- Print Microsoft Office and other file types from USB or mobile devices
- Customise shortcuts and bookmarks
- Realise your return on investment with true integration
- Access corporate address book for quick document routing
- Enable user tracking, accounting and permissions for cost and print management

* Additional device-based apps may ship with the device and additional apps can be added.

17KD0737-1

XC6152



Up to 120 ipm

1. **Intuitive colour touch screen with new eTask interface**
A bright 17.8 cm (7-inch) screen uses familiar swipe and touch gestures, minimising training time to get users up to speed.

2. **Advanced scanner with duplex automatic document feeder (ADF)**
Save time by scanning both sides of your document in one pass with robust colour scanning capabilities and an input capacity of up to 150 sheets.

3. **Direct printing**
Microsoft Office files and other document and image types print right from flash drives. You can even preview jobs on the eTask screen prior to printing.

4. **Finishing options**
Choose from a compact staple finishing option to further enhance productivity.

5. **Unison™ Toner system with long-life supplies**
Unison™ Toner delivers consistently outstanding image quality plus long-life system reliability and amazing sustainability in a high-yield, no-shake design.

6. **Software solutions**
Combine eSF capabilities with additionally purchased Lexmark fleet management tools and your existing software and technical infrastructure to form the Lexmark smart MFP ecosystem. Its adaptability future-proofs your investment in Lexmark colour laser technology.

7. **Expandable input**
Print on multiple paper types and boost input capacity to 4,500 sheets.

17KD0737-1

Sensitive data stays secure

Authorise and authenticate who and what gets access to your network, along with remote monitoring and management.

Protect your device on all fronts with port and connection filtering to limit active access and encryption and wiping of the standard hard disk to secure sensitive print job data. Digital signatures on firmware updates keep hackers at bay.

Authentication to fit your protocols from badge readers, PIN or passwords. Once users are authenticated the connection to your network is fully secure.

Put a stop to data leaks on the standard hard disk with 256-bit AES encryption and encryption keys stored in the MFP's memory, not the hard disk. Data is almost impossible to read if the hard drive is removed.

Cut costs while being environmentally responsible

Save power with multiple power saving modes. Sleep mode uses less than 3.5 watts between jobs. Hibernate mode uses less than half a watt during scheduled on/off periods.

Save paper and toner with standard double-sided printing, printing images a lighter shade with the ColourSaver feature that still leaves text dark and readable and the Eco Copy solution are just some of the eco-friendly options.

Save energy and more with Lexmark Unison™ Toner that fuses at a lower temperature, requiring less energy. Through free and easy Lexmark Cartridge Collection Programme (LCCP) ship empty cartridges back to recycling centres for sustainable recycling.

Lexmark Sustainability

For Lexmark, commitment to the environment isn't a marketing tagline, it's a core value backed up by real action and results. We are forward thinking, innovative, and driven to sustain a healthy planet for generations to come. For our customers and partners we bring this passion, our leading technology and a deep understanding of industry-specific business processes to continuously improve their efficiency as well as our own.

Lexmark products meet globally recognised environmental standards[7].

[1]Average yield at approximately 5% print coverage per colour. [2]"Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. [3]"Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. [4]Printers are sold subject to certain license/agreement conditions. See www.lexmark.com/printerlicense for details. [5]Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. [6]Print and copy speeds measured in accordance with ISO/IEC 24734 and ISO/IEC 24735 respectively (ESAT). For more information see: www.lexmark.com/ISOspeeds. [7]Product functions only with replacement cartridges designed for use in a specific geographical region. See www.lexmark.com/regions for more details. [8] Average continuous black or continuous composite CMY declared cartridge yield up to this number of standard pages in accordance with ISO/IEC 19798.

17KD0737-1

This is a Class A device according to the FCC Rules and EN 55022/EN 55032 emissions standards. This device is not intended for use in residential or domestic environments due to potential interference to radio communications.
